

GREEN VOTER'S GUIDE

May 7, 2019 CARMEL MUNICIPAL PRIMARY

Revised 5/2/19

1) **Print and take this with you to the poll.** Make extra copies for family and friends.

2) When you get to the poll, ask for a **Republican ballot**. Please note there are no Democrats in the primary. **We strongly encourage Democrats to support green Republican candidates in this primary.** Indiana has an open primary which means anyone can vote in the Republican primary. However, anyone wishing to run as a Democrat in the future might not want to vote in the Republican primary.

3) The Green Voter's Guide identifies candidates who accept climate science and believe it's important to do something about it. *It represents our best opinion and assessment based on input from the candidates.* Policies, positions, statements and votes are evaluated to identify the "greener" candidate option(s) within each race. Due to limited resources, only major party candidates in select races are evaluated.
