

Campaign funds accepted from coal & utility industries

This addendum to <u>Candidates Views 2020</u> and <u>Green Voters Guide 2020</u> provides a summary of campaign funds accepted from coal & utility industries. Unless noted otherwise, the information was obtained from Follow The Money.

The public record shows a disturbing correlation between campaign funds from coal & utility industries and votes that benefit those industries and harm constituents.

Eric Holcomb, R Signed coal bailout and anti-solar bills into law, while

accepting \$265,000* campaign funds from coal industry since

2016, and \$274,475 from utility industry in 2020.

No environmental priority on campaign website. Signed solar killing bill into law (SB309 UtilityDive)

Signed coal bailout into law (HB1414 IBJ).
